IDENTIFIERS Wisconsin; *Wisconsin Knowledge and Concepts Examinations

ABSTRACT

This document presents, in tabular form, results for the Wisconsin Knowledge and Concepts Examinations for grade 4, spring 2000 (the 1999-2000 school year). Results are presented for the state's total fourth grade population eligible to be tested and for each school district and school in Wisconsin. Test results are reported for reading, language arts, mathematics, science, and social studies. The numbers of students eligible to be tested, the numbers not tested, and the percentage of students at each proficiency level (minimal, basic, proficient, or advanced) are reported. Also reported are the numbers of students considered economically disadvantaged or not economically disadvantaged, the numbers of students with disabilities, and the numbers of students of limited English proficiency. The reports in this series were designed to provide information to improve student achievement and for accountability purposes, but they were not designed for the purpose of ranking schools or districts. Note

The Wisconsin Knowledge and Concepts Examinations (WKCE) reports were designed to provide information to improve student achievement and for accountability purposes. The tests were not designed for the purpose of ranking schools or districts. The socioeconomic and other characteristics of student groups tested vary substantially between schools, affecting the nature of the educational challenge at each school. Comparisons between schools with fewer than 25 students should be made with caution even when student groups are believed to be comparable.

The Department of Public Instruction does not discriminate on the basis of sex, race, religion, age, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability.

Footnotes for District and School Tables

1 **"Eligible to be Tested"** All students are eligible (required) to take WKCE tests except students who are formally excluded from WKCE tests or who are excused by their parents. Students who are excluded from WKCE tests include: (1) students with disabilities whose long-term academic achievement goals are different from the general student population due to their disabilities, and (2) students whose first language is not English and whose English proficiency is low. Students who are excluded from WKCE tests are considered to be at the "pre-requisite skills" or "pre-requisite English" level of proficiency. An alternate assessment report on the achievement of excluded students may be available from your district or school.

2 **"Number Included in %"** In reporting district level results, "Number Included in %" may in some cases be different from the "Number Enrolled in Grade." Care was taken to avoid direct or indirect disclosure of test results for small groups of students in order to protect their privacy.

3 **"Nat'l Percentile Rank"** It is the percentage of students tested in a nationwide sample who obtained scores equal to or lower than a given average score for a district or school. Numbers in this column are based on average score for a district or school.

Numbers in this column are based on average scores of students tested. Students not tested are not considered in computing this rank because they have no scores. "% Not Tested on WKCE" should be considered in making interpretations involving national percentile ranks for schools and districts.

4 **"Nationwide Sample"** Percentages for the nationwide sample (fall 1996) are based on the number of students tested. Percent "Not Tested on WKCE" is unavailable for this group.

"*" To protect student privacy, results are not reported in every row.

AVAILABILITY OF ADDITIONAL ACHIEVEMENT DATA BY STUDENT GROUP

The complete version of the 1999-2000 district and school proficiency summary report is available for downloading from our website. Tab delimited files provide summary data by gender, race/ethnicity, and migrant status in addition to the information about the achievement of student groups provided in this paper report.
